No (A2)	30	13.57%
Not Sure (A3NS)	47	21.27%
No answer	2	0.90%

Summary for Uselt

Would you personally use a community center?

Summary for Residency

Do you view yourself as a full-time or part-time resident of Newfoundland?

Answer	Count	Percentage
Full Time (A1)	120	54.30%
Part Time (A2)	17	7.69%
Not A Resident (A3)	81	36.65%
No answer	3	1.36%

Summary for Residency

Do you view yourself as a full-time or part-time resident of Newfoundland?

Summary for NumberOfHubs

Do you think residents would be better served by a number of smaller community hubs interspersed in Newfoundland or one large community center?

Answer	Count	Percentage
One large hub (A2)	136	61.54%
A number of smaller hubs (A1)	27	12.22%
Both (A3)	54	24.43%
No answer	4	1.81%

Summary for NumberOfHubs

Do you think residents would be better served by a number of smaller community hubs interspersed in Newfoundland or one large community center?

Summary for Where

Newfoundland Library Second Floor	65	32.83%
Greene Dreher Fire Hall	45	22.73%
Purchase an existing structure and convert it	93	46.97%
Lease an existing space	30	15.15%
Build a new structure	46	23.23%
Newfoundland Moravian Church	20	10.10%
Other	14	7.07%

ID	Response
18	A space that could be utilized for small community groups to meet would be good here.
29	Dead space
37	For meetings and a central hub
50	It would be nice to see it in an existing space, so as to be cost effective
57	Cost effective. Nice large space.
66	No. Steps.
68	Couldnt we just give money to the library instead of wasting time/money on making "hubs"
78	Isn't the library already a community hub? Why do we need this? Wouldn't this time and money be better spent on improving the library and getting people to USE the library it's programs and activities?
100	Stairs
103	Good location in town
126	There is plenty of room there, especially when the Newfoundland Rotary Club installs the exit stairs to make it safe.
130	It would depend on the space but it's pretty centrally located
142	Second floor is fine but some seniors cannot do stairs
144	Should be a minute re publically used space. Already have wifi.
235	It already exists
237	Smaller space for more children activities or clubs or computer classes?
249	These spaces are already existing, which would save money. They are also already widely-known existing location which would be easy to find, and are large enough to accommodate larger gatherings for social distancing.
18	This is a central location, and large enough space. But how would a community center conflict with events the fire company uses the building for? And I would be concerned about the fees they would charge.
29	Used for breakfast and parties
37	For community meals
66	Large area and a kitchen if needed.
100	One level
103	Large building
104	Because it's big
106	Modern existing facility
129	Space is available
137	good parking, level area. inside big enough to section off if needed, kitchen area available
142	Their hall is ground level
151	all the amenities are there already, just use it, plenty of parking available
190	Plenty of parking and close to "downtown"
220	Plenty of room and parking
224	Ground level
18	This would be preferable to seeing an empty storefront. Could the True Value location be used, after the parking lot is enlarged?
26	There are quite a few seemingly empty business buildings in Newfoundland
27	The old hardware store. I personally think the town needs more updates and more for the community
28	Tru value
35	True value
36	Old Fumbles Hardware
39	The lumber yard and humble bros a two large properties that are just sitting and be out to go use
47	The old tru value store near the park

Quick statistics

Survey 641223 'Wayne Tomorrow - Newfoundland Community Hub Survey'

51	because try to get it ground level for older people. and help take care of the eye sore of vacant buildings
53	Old true valueconvenient
56	This way the community center is its "own" affiliation and may attract more attention of a variety of people
57	The old true value could be a good spot if it's affordable.
66	Expensive
73	To many empty buildings in town
84	Old true value
90	the old true value
94	I think it would be best to use a structure already in existence for cost and environmental purposes
96	Old hardware store
112	Use something not used and make it new and inviting for people
118	more room for indoor sports - cheaper than building new
121	Many available places in town...empty and unused
124	perhaps where the old True Value was located.
125	One less vacant building.
138	Giving new life to an existing part of the town
139	There are many empty buildings in town.
149	Gumbles
150	Old true value store
186	Dr. Story's (old) office building
190	Depending on location, needs to be close to "downtown", maybe old True Value
191	The old true value hardware store
194	Cost effective
197	Lots of empty buildings/businesses
209	I believe we should use land that is already developed before we destroy our natural beauty
223	A place right in town easily accessed. Maybe the former Luhrs hardware?
237	There are many run down business buildings, like the old True Value, next to Roadside food truck place that could be a great place?
243	Old tru value.
247	The old hardware store would be a great place for a hub in town.
29	Bring money back to the community
65	Old true value?
66	Why, when we have the fire house?
82	Something in town not being used
116	bigger space is better..can be used for sports
118	more room for indoor sports - cheaper than building new
194	Cost effective
23	By dutches
59	How about the sawmill?
66	Expensive
138	Brings something new and interesting to town
139	A modern, dedicated building would be fresh and practical.
148	Community center building
183	Possibly something on the park property
187	Behind old hardware store
188	Behind old hardware store
190	Possibly in the park
194	New is always nice and motivating
209	i say this only when pertaining to the old run down roundhouse hardware store. Raze it and build a community center in the center of town. Use land that is already developed before we destroy our natural beauty
217	location to provide ample parking and access
223	might be more cost effective in the long run
232	close to the park
246	I believe a new structure would bring the most attention and raise the most awareness.
18	This might be a good way to help the church bring in some additional income. It's also a good central location.
37	Alternative to the fire hall
103	All three in close proximity
116	bigger space is better..can be used for sports
118	more room for indoor sports
7	None of the above. I answered question one with no but you are making me choose an

Quick statistics

Survey 641223 'Wayne Tomorrow - Newfoundland Community Hub Survey'

41	answer that doesn't fit to what I want
86	Hamlin/ Lake Ariel area
157	Depends on size of event
	I guess I misunderstood community center. thinking about sports and the field the field in the park. Maybe we don't need a community center. What would we do. And no activity on Sunday.
165	GDS Fairgrounds in their off season; Residential Community clubhouse; Gumble Bros
168	Difficult to say as I'm not sure what the vision is. What would be included?
169	Community centers should be broken for different ages from pre-K to high school. Something to do for all kids ages
174	Which ever is affordable and can host a couple different things for different age groups
179	A place that is served with good public transportation.
184	I feel that if the supervisors of Dreher township would be willing to make Newfoundland a better place to raise families. We need to see if they would even allow a building to be built in the township. Or do we have to convert an existing building. There are lots of empty buildings that the owners are not permitted to rebuild. The idea is center of town so that the park and basketball courts can be incorporated into the area. But I feel the need for a gym area is a definite need. Do your gym time then do the walk on the trail along the Wallenpaupack creek.
195	None
203	Near/on Rt. 507 in Greentown.
219	any of these that make the space financially viable.

ID	Response
7	Again none of the above this is a blast survey your making me choose something when I don't want to. Where is my option non of the above
18	A certified kitchen that could be rented out for people who want to make products for resale such as jams, jellies, etc. The laws make it difficult to do this in a home kitchen. The space could also be used for classes on cooking, healthy eating, canning and food preservation, etc.
21	Community events
23	Pool
39	This community needs something to keep the young people active and show them what a community is all about we are becoming divided need something to bring us back together
42	Flea market, craft fair, farm markets,
45	All of the above
50	Cooking classes
51	video game room
65	RC club
68	Isn't this the same thing the library tries??? A bunch of activities that no one shows up for? Couldnt we pour these resources into trying to get people to use the library?
78	Again...shouldn't we just focus on trying to get people to use the library? People barely show interest in the activities and programs the library offers, what makes us think it will be any different just because we call it a "hub"
83	bible study
94	Cooking club/program for children and adults
104	Dances
116	basketball league
118	basketball leagues
120	Exercise, yoga
124	educational or hobby classes
130	Farm market
137	cooking classes
143	Book Club, Senior Stretch
152	Food Gatherings
165	Volunteer led exercise programs; Commercial kitchen so residents can create value added foods (breads, pies, etc)
174	Gym classes such as les mills!!!
178	Regular dances like swing dancing
179	transportation. The abovr

No answer	110	61.45%

ID	Response
1	First survey taker. Hope this is helpful.
7	Gave the option of no
18	While these are all nice ideas, I'm not sure the interest level is truly high enough to sustain the project. I feel like this project is a few years too late - when the food pantry was looking for a home, there was more of a driving force behind this. I'm also not sure what existing space would actually be economical for this project - prices are either too high or the improvements needed to meet code and regulations too costly.
23	Holiday events
27	Newfoundland is a beautiful place
29	I am the president of our local little league, we have been using Zoom to hold meetings, it would be great to have a place to go. Kids need a space, they are bored at home
37	This would work best if there were to be centralized programming and administration between several community hubs including the Cooperage in Honesdale...
40	That would be a great idea, it should benefit Greentown too
45	Newfoundland needs something for teens and young adults. Since it's much further from the high school, participation in after school events is harder because children are dependent on parents for late bus transportation. If they had something closer to town for entertainment, parents might be more willing to drive them to after school events. Also, senior socials might be an idea as well or community ice cream parties.
50	The more variety the better. Plenty for people of all ages. Social clubs, academic clubs, health/sports clubs, etc. Oh, and summer day camps would be AWESOME! I love the idea of using an existing space for the sake of saving money and space, but I recognize that certain spaces may not offer the space and resources need to make certain clubs and/or activities possible.
52	Recreational center with a pool and exercise equipment would be nice for the kids and adults that don't live in a community.
53	If the township would just let people in without a fight
64	Anything that can be done to offer kids social interaction and possibly physical activity would be great.
65	Child and teen activities must be chaperoned.
66	How about outdoor concerts in Newfoundland park? Bring chairs and blankets.
70	I think this is a great idea. It would be nice to use an existing building(s) instead of seeing them sit vacant. Thank you for taking the time to look into making something like this happen.
77	We definitely need something for small businesses to sell, such as crafts, produce etc.
78	We have a library. Libraries are notoriously meant for and used for the things mentioned as a possible use for this community center. People BARELY use or show up at the library. This seems like a massive waste. So many other things we could do. We're just making a whole new library. A...community space that no one uses and we can't come up with interesting enough ideas to get people to show up. We need so much more in this town.
	Like addiction outreach and resources.
	How bout a community pool? Splashpad at the park?
79	Really awesome idea. Our community could use this tremendously! Thank you..hope it happens
83	It would be great to have an afternoon or evening program for teenagers.
86	Any events submitted that would require a large space. Any legal activity. Let it be known that the space was available.

Quick statistics

Survey 641223 'Wayne Tomorrow - Newfoundland Community Hub Survey'

- 90 I would like know why the dog park idea never made it very far in the planning stages. Hawley has a dog park why can't we have a dog park in our town?
- 94 I worry that Newfoundland doesn't have the population to support a community center for itself. I hope this would be available to people in the surrounding communities as well...(Greentown, Canadensis, Sterling (other places within the South School's borders)).
- 97 Good Luck
- 103 Children and adults would have opportunity to participate in activities without traveling far.
- 110 Something indoors for elementary age children would be great. Possibly toys, a reading area, crafts and a scheduled group play time as well would be wonderful. Locally there aren't many things to do indoors with children
- 116 a youth to a young men's basketball league would be nice. i see no organized sports like this in the area outside of the schools.
- 118 youth to young men's basketball league. Only schools have basketball that is organized. i see nothing in this area, except soccer
- 124 Great place for kids afterschool activities and also adult classes.
- 129 Newfoundland Community Hub is a great idea!! Hope it becomes a reality. Would definitely use it.
- 130 Offer yoga and other exercise classes like the Hawley Hub does. Also craft fairs, book clubs, game nights etc
- 137 cooking classes for parents and children
nutrition classes
budgeting classes....income vs expenses and saving money for emergency
retirement and college saving classes
- 145 NA
- 148 I want a gym space
- 151 Using the Fire Hall is the cheapest solution available, everything is already there
- 155 Affiliation with the school district will engage families as well as the students. Having the space availalbe for civic or volunteer groups for meetings could provide fund-raising opportunities.
- 156 This town needs a place for kids to go and hang out with their age groups in a supervised area. There is nothing for kids to do here which is why they get into drugs/alcohol etc. There needs to be more activities and resources for kids to attend these resources that have working parents ie. bus from school, carpooling with other parents with a sign up sheet (like school vans, so they can get home if need be. some families only have one vehicle and its needed for work transportation).
- 157 I really thought there were sports activities for everyone in the park but don't know the activities. The Historical Society would have lots of ideas and maybe this survey needs to be advertises more. I just barely found it and not too many people stop and read where the survey is posted.
- 161 An art studio with a kiln, a place for exhibitions
- 165 Consider septic needs
A covered concrete block fire pit would be great to rent to families/organizations trying to do chicken barbeques, pig roasts, etc.
Expand park use to include a bandshell (bring the music to the park) and/or amphitheater
Sensory zone/natural play space for folks with accessibility issues/sensory concerns
- 166 Where is the money coming from to support this community endeavor.
- 169 Initially was thinking this is for kids only, but it would be nice to have things to do for adults as well to meet with other parents in the community
- 174 Bingo would b great! Work outs such as les mills. If there is a way to have things for different age groups at same time would be great! Like mom is taking a gym class while the lil ones are doing karate or arts crafts!
- 177 Open up to greentown residents.
- 178 Please open events to surrounding communities

Please consider a drama group
- 179 The need regular dances and social parties
Co bgg l'd testing and shots.
- 182 Health services for those in need and the elderly.
It would be wonderful to have a senior center, like other townships in wayne county. Thank you for listening.
- 184 Gym- weights, volleyball court, some type of day care for families. Weather I'd be to work or

Quick statistics

Survey 641223 'Wayne Tomorrow - Newfoundland Community Hub Survey'

- 185 to use the facility for better health.
You could offer a gym and exercise programs that includes a babysitting/tutoring program/children activities, so while the parent is working out there is something for their children to do. This would all be included in the membership.
- 188 No more ideas
- 190 This would be amazing! This town really needs something.
- 191 The area need to be cleaned up and modernized, maybe new Christmas lighting, veteran banners, new trees or planters. Concerts in the park.
- 194 I think this a great idea!
- 203 Rt. 507 does not have any areas like what your are proposing.
Would be nice to have some entertainment options without a long drive
- 206 Newfoundland is in desperate need of a senior center. A community center (hub) would solve this need.
- 209 It would be really great if the property that butts up against the Drake park (the old Hardware property) could be used for the community center. Use the road frontage for the center, the section near the wetlands for a nature/learning area and have paths that lead to the park.
- 217 provide and updated sewer system to all the area to grow and/or be updated to not looking like a ghost town in the making. Attract people to the area not push them away.
- 220 I live in Greentown and will be retiring this fall. I would be very interested in being involved. I have 30 years experience in Senior Centers, my husband and I play a number of instruments, he can offer cooking classes and I can offer some crafts.
- 223 I think a community center is just what this area needs. Newfoundland would benefit from small businesses that might come in response to more people being "in town".
- 224 Have a kitchen or a place that is capable of making or bringing in food for meetings.
- 225 Trips to land marks, concerts, etc
- 229 Yoga, Yai Chi, simple exercise classes for all
- 235 Offering various talk on subjects from travel to holiday ideas, crafts, food projects, fundraisers, raffles or hobby programs (gardening, hobbies, etc)
- 236 Libraries, starting with Andrew Carnegie, were the hub of the community years ago. Let's do it again!
- 237 There are many children in Newfoundland and they need a place to meet and just hang out. An area for skateboarding would be great too. Also a basketball, or tennis court? Something to get the kids moving, exercising and enjoy it. Maybe even an YMCA type building with indoor pool? We used to go at the Greater Scranton area YMCA in Dunmore and they were always super busy and my kids took swimming classes but then COVID happens so we stopped going there.
- 242 Ideas put forth in survey look great. As a senior citizen I like that ideas encompass all ages.
- 244 No alcohol. Where is the money coming from? Security?
- 247 I have been to many areas outside of PA and been so impressed with dog parks. They are brilliant and a great way to safely socialize with other dog owners and let our dogs play with one another! Fencing and water supply would be the main costs.
- 249 Having a community center to offer support groups, especially mental health support and special needs groups is highly needed in the area. It would also be valuable to offer a place to use as a base for networking with other groups for outreach purposes. Newfoundland is highly underserved, especially in the mental health and special needs arena.
